CHATEAU D'HAUTPOUL AOC MINERVOIS 2015

The Hautpoul Castle, situated in the Languedoc Roussillon region, governed the entrance of the Black Mountain and stayed up the plain of the village of Mazamet.

It is the last visible vestige of the Middle Ages in the village. It had been owned for several centuries by the family of Hautpoul, Lord of Rennes. Only few sections of walls dated XIIIrd century give evidence of the age of this building.

SOIL-CLIMATE

Mainly stony grounds, with schist and sandstone.

WINEMAKING TECHNIQUES

De-stemmed harvest, maceration during 8 to 10 days with temperature control between 25 and 30°C.

TASTING NOTES

Deep and strong in colour, dark garnet-red with purple glints. The nose first develops liquorice scents, then aromas typical of a mature.

Syrah : Blackcurrant and blackberry.

In the mouth, the wine is wellbalanced with silky tannins. Will age well.

FOOD PAIRINGS

Will go perfectly with red meat, dishes in sauce and game, or specialities from the south of France: confits, cassoulets.

TECHNICAL DETAILS

Grape Variety : 80 % Syrah, 20 % Grenache

Serve at : 18°C.
