LA GIOIOSA MOSCATO

La Gioiosa represents the tradition of viticulture that belongs to the Moretti Polegato family for generations and is in perfect symbiosis with the wines of the Prosecco, Montello and Colli Asolani lands. Its name pays tribute to the ancient name of the province of Treviso: "Marca gioiosa et amorosa" emphasizing the convivial lifestyle of its inhabitants.

The story of a family and a territory is reflected in a brand that has made immediate the association between Treviso and its most famous bubbles.

The grapes are harvested and pressed, the resulting wine is vinified using the Charmat method for the production of sparkling where the generated carbon dioxide remains in the tank and bottled gas directly to preserve the wine.

TASTING NOTES

Slightly sparkling white wine with strong aromatic notes of orange, apricot and marked florares notes.

The palate is very pleasant because of its light bubbles, sweetness and acidity well defined.
